

Calgary

# Climate Change lunch hour webinars

Learn about the impacts of climate change and actions you can take to make a difference.

## Climate Action: Squaring Redevelopment with Heritage

From 12 p.m. to 1 p.m. on Weds, April 26

[Click here to register](#)

Historic resources connect us to our past, our future and each other. There is an immense value in preserving our heritage as it has been recognized as an important component of sustainable city building with economic and environmental benefits beyond enriching the sense of place in our communities. Learn how conserving and repurposing Calgary's heritage buildings can contribute to Calgary's climate goals, and when built heritage must come down, how the environmental "cost" can be minimized
